About me

Creative and experienced Video Editor with over 6 years of experience specializing in content for Instagram and YouTube. Proficient in both short and long video formats, delivering engaging and high-quality videos that resonate with audiences. Adept at using the latest editing software and trends to produce visually appealing and impactful content.

Experience

Video Editor and Motion Designer

Feb 2025 - Present

Earth Curious

Edited and produced high-quality videos with sound design, storytelling, motion graphics, and pacing, helping grow the channel. One video reached 1.5M+ views within four months.

Video Editor and Motion Designer

Jan 2024 - Dec 2025

Business and Finance Creators

Worked with multiple Business and Finance creators, including Molly Keyser, Frederik Denuit, AI Automations, and Professional Builder, delivering neat and clean edits with strong pacing. Produced high-quality videos featuring sound design, storytelling, motion graphics, and effective pacing.

Video Editor and Motion Designer

Jan 2016 - Dec 2024

Takemet technically.com

My responsibilities included growing the YouTube channel by editing and producing high-quality video content for various projects, including advertisements, promotional videos, and social media content. Within six months, the YouTube channel was successfully monetized.
